**CLUB CHARITIES**

The Chip Miller Charitable Foundation and  
the York County Children's Advocacy.

**FROM THE DRIVER'S SEAT**

By YCCC President Peg Stauffer

Long road trip? Short cruise? Or a ride to your favorite ice cream place? It really doesn't matter as long as you get out on those highways and byways. Sunny weather has finally arrived so enjoy the days.

I want to thank Forrest Allison for leading members on a cool but memorable trip to St. Michaels on May 17th.

A new agenda will be introduced at the general membership meeting in June. The meeting will start at 7 pm as usual and we will not be taking a break during the meeting. We have been able to streamline the meetings so everyone can get home at a decent time and members have been appreciative of that consideration. You will need to get your 50/50 tickets at the desk when you sign in for the meeting, because there will be no break when you can purchase them. The ticket drawing will occur before we adjourn for the evening. In addition, please look at the sign-up sheets for club events before the meeting or after the meeting. If sign up lists are passed around while the meeting is in process, please pass it on to other members as quickly as possible.

The Hooter show will be history when you receive this newsletter but I am sure it will be a success. The weather is planning to cooperate and I am sure that Dave Yendreski, Millard Whitebread and their helpers will have it run smoothly.

See you at the June meeting. Until then, stay safe and have fun.

**Peg**

**YCCC MEMBERSHIP MEETING  
WEDNESDAY, May 13, 2008**

If your vehicle related issue is really urgent, or you need to report a site bug please open a 'support ticket' as seen in the navigator bar at the top of every page marked **HelpCenter**. Our staff monitors this section frequently. You have to [REGISTER AT CM](#) before you can post and utilize all our features which are FREE.

**04 Apr 09 - Dream Makers: GM Employees Inspect a 1963 Corvette Split-Window Clay Model** - I came across this photo on a Spanish-language antique car blog similar to Hemmings called BLOG dos Carros Antigos. No caption needed, the photo pretty much says it all. Source: BLOG dos Carros Antigos

**Lance Miller @ Summit Point** - Hey folks! Lance Miller is entered to run in the 12 Hour

Summit Point endurance race. The Chip Miller Charitable Foundation and Carlisle Events are

joining forces to create the new Corvette Endurance Race Team to awareness for amyloidosis – the deadly disease that took Chip Miller’s life in 2004. All proceeds for this exciting event will go to the Chip Miller Charitable Foundation Good luck Lance and team! More info here, it would be cool if you could attend! See [http://chipmiller.org/12\\_hour\\_summit\\_point/index.php](http://chipmiller.org/12_hour_summit_point/index.php)

**01 May 09 - THE 1,500,000th CORVETTE IS ON THE WAY !** - The Registry has just learned that Corvette number 1,500,000 will be built at the end of May as a 2009 model. The car will be a White Convertible, with a 023 Red/Black interior, and a Black top. Options include the 3LT package, Automatic Transmission, F55 Magnetic Selective Ride Control, NPP Performance Exhaust, Navigation, and Chrome Wheels. Corvette number 1 (1953) and Corvette number 1,000,000 (Built July 2, 1992) were both white with a red interior so... follows this one should be the same. What would REALLY SET THIS CAR APART, would be to have *Dave McClellan, Dave Hill, Tom Wallace, and Tadge Juechter*, the Corvette Chief Engineers who are still living, be at the unveiling of this special Corvette to sign the hood, or some special location on the car.

**How about a Hot Red Car for Xmas?**

OK YCCC – Here’s an item for your Xmas list. Order early, lot’s of neat features and demand should be high.

**2010 Grand Sport**
